

Truman State University Rugby

Application for Alumni Award

Truman Rugby is offering two "Alumni Awards" for the 2008-2009 academic year. The awards are made possible through the generous donations from Truman Rugby Alumni. The purpose of the awards program is to recognize and provide financial assistance to incoming freshman to Truman State University who have previous rugby experience in high school and who intend to play rugby at Truman. Each award has a maximum of \$500 and is paid to the recipient in two allotments; half at the end of the fall season and half at the end of the spring season. These awards are not renewable, and are intended to be awarded to new incoming students each year. Recipients are expected to be regular, fully participating members of the Truman Rugby Club, to attend practices regularly, and to attend matches.
